OBJECTIVE

To secure a position in a company that gives me an opportunity to improve my professional skills and knowledge to contribute the company's growth.

EXPERIENCE

June 2023 - till now

Forbes Advisor

Associate Software Engineer

Currently I am working as a 1+ years experienced Full Stack Web Developer at Forbes Advisor, where I create and manage WordPress sites like USA Today, CNN, and Forbes Advisor, developing Gutenberg blocks, themes, templates, and plugins using PHP, JavaScript, React.js, and Tailwind CSS, with Git for version control.

December 2022 - June 2023

Forbes Advisor

Full Stack Developer Internship

I was selected for an internship at Forbes Advisor through VIT College, I learned to create WordPress sites using PHP, JavaScript, and React.js. After completing the internship, I was promoted to a full-time Associate Engineer.
